Memorandum for: All Transportation Employees
Oakland P & D Center

Subject:

Annual Leave & Schedule Change Request

Lately a lot of employees are placing untimely request for annual leave and schedule changes. As a reminder to all of you, I am reiterating the policy on annual leave (not scheduled) and schedule changes.

If you are requesting annual leave or a change of schedule it must be submitted to your immediate supervisor or your pay location supervisor. You must provide a minimum of two (2) weeks notice so that we can review the request and inform you if it is approved or disapproved. Request submitted with less than two (2) weeks notice will be automatically denied with the exception of unusual circumstances. The request must be handed personally to your immediate supervisor or pay location supervisor and you can ask for a copy of the request. Request left in the supervisor's holdout or placed on the desk will not be approved. If the supervisor on duty is not available for any reason then you can drop the request to my office.

Employees requesting change of schedule are *required* to provide a request in writing and the reason for the request. We will no longer approve change of schedule without your request in writing. You can use PS form 13 or a piece of any paper to make the request. After the request is submitted in a timely manner and proper procedures are followed, we will inform you in writing if it is approved or disapproved. *Employees placing request must not make the assumption that the request will be approved.* We will do all possible to work with you and approve the request.

I am requesting all of you to follow the procedures so that we have no impact on the weekly and daily detail. Please work with us so that we can work with you.

These instructions were issued to all of you on July 25, 2003. I am reissuing the instructions since some of you are not in compliance.

I am only going to repeat this for the last time. STOP THIS PRACTICE IMMEDIATELY. STO's failing to follow instructions will be dealt with. Some of you are still making wrong decisions and costing the company time and money. Therefore, I am requesting you to stop this practice immediately

To All of You,

Transportation does not have a call in policy to call employees to report to work early or work their schedule day off. This practice must coase immediately. There is no agreement between AFWU and Management that we are required to call MVOs, 1 TOs & clerks at home if they are off.

An example if for Traffic Control, if the regular clerk on T-2 calls in sick or emergency, you can use any available qualified person in Traffic Control. But you should not call a T-3 clerk to report 4 hours BT just because they are going to file a grievence. There is no language in contract written that we are required to call T-3 clerk early since the regular clerk ou T-2 railed in Same thing for T-1, if the regular clerk calls in then you are not required to call in T-2 clerk 4 hours early. The only exception is that if a clerk calls in sick for an incoming tour and the outgoing clerk is still on duty then we are a quired to keep the outgoing clerk up to 4 hours. Same scenario is for the annual leave.

Similar situat on is for the drivers, if they sign their name on the overtime desired list then they do not have options. But if you are going to excuse them from the overtime then you must have it in writing. If you excuse them verbally then be prepared for a grievance since the same driver is going to come back and file a grievance Everything must be documented in writing.

The reason I vink this time to explain all of you is simply because some of you are causing extra work load for me by making wrong decisions. Lately a lot of step 2 grievances were filed for the reasons mentioned above. From now on if the supervisor does not follow the proper procedures and I have to answer a step 2 for overtime Issues then be prepared to meet me in person and explain your reasoning.
